Join ATL on November 5<sup>th</sup> in Charlotte, NC for a Free LIMS Seminar: Why a Laboratory Information Management System (LIMS) is the Key to Streamlining Water/Wastewater Laboratory Operations and Staying Compliant

*West End, North Carolina, October 3<sup>rd</sup>, 2007: Accelerated Technology Laboratories, Inc.*

Accelerated Technology Laboratories, Inc. (ATL), leaders in Laboratory Information Management Systems (LIMS), would like to invite you to attend a free, educational breakfast seminar focusing on why a Laboratory Information Management System (LIMS) is the key to streamlining water and wastewater laboratory operations and staying compliant. This event will take place before the 2007 AWWA Water Quality Technology Conference and Exposition (WQTC) begins on Monday, November 5<sup>th</sup> in Charlotte, North Carolina.

Featured speakers include John Keith, Manager of Laboratory Services at Lincoln Water System and Dr. Christine Paszko, Vice President of Sales and Marketing at Accelerated Technology Laboratories, Inc.

Seminar topics include:

- “Utilizing a LIMS to Increase Efficiency in a Water Quality Laboratory.”
- “Advantages of a COTS (Commercial-off-the-Shelf) LIMS for Water Quality Laboratories.”

The seminar will address these topics while allowing attendees the opportunity to ask the featured speakers for advice on their own unique concerns during a short Question and Answer session.

A continental breakfast will be provided.

**Don't miss out on the opportunity to meet others in your industry and learn how to achieve measurable improvements via LIMS for your laboratory operation!**

**DATE:** Monday, November 5<sup>th</sup>, 2007  
**TIME:** 7:15 am – 8:15 am  
**LOCATION:** Hilton (Dunn Conference Room), Charlotte Center City, 222 East Third Street, Charlotte, NC 28202

For directions to the Hilton in Charlotte:
