### ATL Report Writing II Course

Myrtle Beach, SC

January 14th - 15th, 2010: The cost for the report writing class is \$1,995 (includes textbooks).

### Training – Report Writing II for Sample Master® LIMS

The ATL Report Writing II Course was designed to cover all the key features for programmers to create sophisticated and professional looking reports. A user-friendly GUI that contains wizards allows rapid report development and previewing.

### Course Detail

This is a 2-day course, resulting in a high degree of competence in reporting from Sample Master® LIMS. It employs a mixture of demonstration, experimentation and exercise to build appropriate skills. The course starts with a comprehensive introduction to the structure and operation of the reporting tool and continues with step-by-step guidance on creating report fundamentals. These elements build into comprehensive reports with a professional appearance suitable for submission to customers, internal partners or regulatory authorities. The course concludes with the student understanding how to create new reports as well as how to modify existing reports and how to manage and maintain those reports.

Upon completion of this course students will have:

- ✓ Adding Electronic Signatures to reports
- ✓ Creating Bar and Line Graph reports
- ✓ Integrating Advanced Excel Reports
- ✓ Attaching scanned documents to a report
- ✓ Creating a customized backlog report
- ✓ Using Union Queries to create a report for all QC Types

### BONUS CD

The course also includes a CD with Customization Examples that students can take back to the laboratory!

Who should attend?

Experienced Sample Master® LIMS users wishing to customize data reports. Intermediate programming skills required for this course and Report Writing 1 or Advanced LIMS Training (Boot Camp – 2 day class) is required. Waivers may be available with those that can demonstrate the appropriate programming skill set.
